Report on the working of the Licensed Warehouse and Fire Brigade Act for the year ending 31st March 1934.

NOTIFICATION.

No. 1793M.—1st March 1935.—The following is published for general information under section 41 of the Licensed Warehouse and Fire Brigade Act, 1893 (Bengal Act I of 1893).

G. S. DUTT,
Secy. to the Govt. of Bengal,
Local Self-Govt. Dept.

No. 1675M., dated Chinsura, the 6th September 1934.

Memo.—By L. B. Burrows, Esq., C.B.E., Commissioner of the Burdwan Division.

Copy of memorandum No. 3584G., dated the 17th August 1934, from the District Magistrate of Howrah, with enclosures, forwarded to the Secretary to the Government of Bengal, Local Self-Government Department, for information.

2. In accordance with Government orders communicated in memorandum No. 544M. of the 7th February 1934, the question of the proposed reduction in the amount payable by the Howrah Municipality from 14 per cent. to 10 per cent. is to be considered after Garden Reach is separated from Calcutta.

No. 3584G., dated Howrah, the 17th August 1934.

Memo.—By the Magistrate of Howrah.

Copy of the following, forwarded to the Commissioner of the Burdwan Division, Chinsura.

No. 1535G., dated Howrah, the 11th August 1934.

From—B. C. Datta, Esq., M.A., LL.B., Bar.-at-Law, Chairman, Howrah Municipality,

To—The Magistrate of Howrah.

As requested in your letter No. 3112-G., dated the 17th July 1934, I have the honour to submit herewith two statements, one showing the warehouses licensed under the Fire Brigade Act and the other showing the receipts and disbursements on account of the same for the year 1933-34. The former statement has been prepared in accordance with the instructions contained in the Government of Bengal, Municipal Department, letter No. 470M., dated the 14th February 1917, to the Commissioner of Burdwan Division, a copy of which was forwarded under his memorandum No. 137/XXIII-8, dated the 16th February 1917.

The collection of fees worked out to be 69·3 per cent. of the arrear demand and 90·5 per cent. of the current demand as against 83·3 per cent. of the arrear demand and 89 per cent. of the current demand of the year 1932-33. The demand for the year under report amounted to Rs. 28,174 and the collection to Rs. 24,859 as against Rs. 26,191 for demand and Rs. 23,237 for collection respectively for the year 1932-33.

The contribution which the Commissioners were called upon to pay for the maintenance of the Fire Brigade amounted to Rs. 57,837.

The directions contained in the first proviso to section 10 of the Act have been followed.

May I take the liberty of pointing out on the one hand the differences between our collections and the payments we are compelled to make to the Fire Brigade and the percentage of charges to which we are assessed. Having regard, however, to the number of cars that are maintained in Howrah and in Calcutta, the percentage of 14 per cent. on Howrah is out of all proportion to that to which the Calcutta Corporation is assessed.

The percentage of 14 per cent. is therefore highly iniquitous and ought to be reconsidered.

No. F. B. 545, dated Calcutta, the 13th September 1934.

From—L. H. Colson, Esq., C.I.E., J.P., I.P., Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Local Self-Government Department,

I have the honour to submit the report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1934, as drawn by A. Frederick, Esq., officiating Chief Officer, Calcutta Fire Brigade.

No. F. B. 543, dated Calcutta, the 13th September 1934.

From—A. Frederick, Esq., officiating Chief Officer, Calcutta Fire Brigade,

To—The Secretary to the Government of Bengal, Local Self-Government Department.

(Through L. H. Colson, Esq., C.I.E., J.P. I.P., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1934.

The work of the department during the year under review has been normal.

Financial statement.—The statement of receipts and expenditure and payments made by municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act (I of 1893) is given in Appendix I.

The cost of maintenance of the Fire Brigade is derived from contributions by (*a*) the Calcutta Municipality and (*b*) the Howrah Municipality, the former contributing 86 per cent. and the latter 14 per cent.

Fees for licensed warehouse are charged under section 10 of the Licensed Warehouse and Fire Brigade Act, I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 1,500 per warehouse per annum, and the income thus derived is credited to the Fire Brigade Fund and deducted from the amount required from the municipalities concerned.

During the year 1932-33, 40 per cent. of the contribution required from the Calcutta Municipality was derived from this source, leaving 60 per cent. only to be contributed from the rates. The contribution from the Calcutta Municipality to the Fire Brigade Fund in 1932-33 was Rs. 3,31,617. A similar percentage approximately applies to the Howrah Municipality, which contributed Rs. 45,000 in 1932-33. Rs. 2,016 were received in fees for attending fires outside the jurisdiction of the Calcutta Fire Brigade.

I am glad to be able to report that increased income has been derived from taxation under the above Act.

Fires, etc.—The total number of calls for fires or supposed fires was 534, being a decrease of 43 as compared with the previous year and a decrease of 106 as compared with the average of the past ten years. The actual number of calls for fires was 437, which shows a decrease of 3 as compared with the previous year, and the number of fires classed as serious (*i.e.*, over Rs. 20,000 damage per fire—see Appendix III) was 18 against 16 in the previous year.

The following statement shows the hours when the calls were received:—

	Total	534

I am pleased to record that the number of wilful false alarms made by the public from street fire alarms have immensely decreased. This year 48 alarms of this nature were received, which shows a decrease as compared with 72 in 1932-33 and an average of 88 during the past ten years.

Regarding false alarms of fire by private telephones I am glad to report that very little trouble occurs in this connection and the number is negligible. This is due to the much appreciated action of the Bengal Telephone Company in disconnecting subscribers who permit their instrument to be used for such purposes, either knowingly or unknowingly; otherwise there is no doubt the number of false alarms from this source would have been much greater. Five false alarms of this nature were received during the year under review against three in the previous year.

Seventeen false alarms were due to electrical defects in the street fire alarm system as compared with 34 during the previous year. The number of false alarms either accidental or given with good intent is 6 (19 in 1932-33).

The calls were classified as follows:—

Fires	437	(440)
False alarms, wilful from street fire alarms	48	(72)
False alarms, due to electrical defects ..	17	(34)
False alarms, given with good intent or accidental	6	(19)
False alarms, given from private telephone	5	(3)
False alarms, due to lightning ..	3	(2)
Special service (buildings collapsed, etc.)	18	(7)
	534	(577)

(The figures in brackets refer to the previous year.)

On 121 days	1 fire or supposed fire occurred ..		121
On 78 „	2 fires or supposed fire occurred ..		156
On 46 „	3	ditto ..	138
On 19 „	4	ditto ..	76
On 4 „	5	ditto ..	20
On 1 day	7	ditto ..	7
On 2 days	8	ditto ..	16
			534

The actual number of calls received during the year was 774 as compared with 839 during the previous year. These figures include instances where more than one call was received for the same fire, and are given for the purpose of classifying and comparing the means by which calls for fires, etc., are given.

These calls were transmitted to the Fire Brigade as follows:—

By private telephones, 471 (473 in 1932-33); by street fire alarms, 264 (326 in 1932-33); by messengers giving information at fire stations, 35 (28 in 1932-33); by direct fire telephones from theatres, cinemas, public buildings, etc., 3 (9 in 1932-33); by firemen on "Lookout" duty, 1 (3 in 1932-33).

Regarding the calls for actual fires in 145 cases the first information was transmitted to the Fire Brigade by means of street fire alarms, in 262 cases by private telephones, in 30 cases by messengers.

Means by which fires were extinguished.—In 255 cases fires were extinguished by first-aid machines, chemical fire extinguishers, buckets of water by firemen, or by occupiers before the arrival of the Fire Brigade; in 69 cases by 1 motor fire engine; in 29 cases by cutting or disconnecting electric fuses; in 18 cases by 2 motor fire engines; in 30 cases by the application of sand; in 6 cases by hydrants; in 8 cases by 3 motor fire engines; in 1 case by 1 motor fire engine and fire float; in 2 cases by 4 motor fire engines; in 1 case by 5 motor fire engines; in 2 cases by 3 motor fire engines and fire float; in 1 case by 4 motor fire engines and trailer pump; in 1 case by 4 motor fire engines and trailer pump and fire float; in 1 case by 5 motor fire engines, trailer pump and hydrants; in 2 cases by 5 motor fire engines, trailer pump and fire float; in 1 case by 6 motor fire engines and fire float; in 1 case by 6 motor fire engines and hydrants; in 1 case by 7 motor fire engines and trailer pump; in 1 case by 7 motor fire engines, hydrants and fire float; in 2 cases by 7 motor fire engines; in 1 case by 8 motor fire engines; in 1 case by 8 motor fire engines, trailer pump and fire float; in 1 case by 8 motor fire engines, hydrants and trailer pump; in 1 case by 8 motor fire engines, hydrants; in 1 case by 8 motor fire engines and trailer pump.

Fires in licensed premises.—Thirty-one fires occurred in premises licensed under the Licensed Warehouse and Fire Brigade Act, I of 1893, as compared with 38 during the previous year.

Fire loss.—The total damage caused by fire and water during the year has been estimated at Rs. 21,25,610 as against Rs. 19,51,570 of the previous year. The average total damage per annum for the past ten years is Rs. 10,73,990. The increase is due to a series of serious jute fires and ship fires, the causes of which could not be ascertained. The average damage per fire is Rs. 3,980 as compared with Rs. 3,382 for the previous year, and an average of Rs. 1,675 per fire for the past ten years.

The loss per fire is classified as follows:—

Appliances.—The following is a list of the principal appliances now in commission by the Calcutta Fire Brigade:—

Twenty motor fire engines as follows:—

One motor pump, 600-800 gallons per minute capacity, fitted with scaling ladders, etc. (motor pump No. 2).

Five motor pumps, 500-700 gallons per minute capacity, fitted with telescopic fire escapes (55 feet), etc. (motor pumps Nos. 1, 15, 18, 19 and 20).

Two motor pumps, 450-550 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, scaling ladders, etc. (motor pumps Nos. 9 and 10).

Three motor pumps, 450 gallons per minute capacity, fitted with first-aid cylinder and trussed telescopic ladders (motor pumps Nos. 14, 11 and 8).

Three motor pumps, 400-500 gallons per minute capacity, fitted with first-aid cylinders, telescopic ladders and reels, etc. (motor pumps Nos. 5, 6 and 7).

Three motor pumps, 300 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (specially designed for use in narrow streets and congested area) (motor pumps Nos. 3, 12 and 16).

The total number of pumping hours at fires during the year was 1,574 hours 15 minutes as compared with 1,732 hours 30 minutes in the previous year.

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls, together with monthly statements.

Staff.—The strength of the Brigade during the year was 271 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 European firemen, 1 Warehouse Inspector, 3 clerks, 1 store-keeper, 3 telephone operators, 2 carpenters, 2 lathe-mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 10 Indian drivers, 1 head-tindal, 21 tindals, 178 khallasis and 13 menial employees.

The conduct and discipline of the staff throughout the year have been exemplary.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost during the year under review is 8 as compared with 11 in the previous year.

Four persons were injured at fires as compared with 13 in the previous year.

I am again glad to report that no serious accidents occurred during training recruits, or at drill.

In all cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulances.

Water mains.—I am glad to mention that action is being taken to provide sluice valves, etc., on the mains used for fire fighting. Under the existing circumstances when it is necessary to repair mains or add fresh connection practically the whole of the water-supply system has to be closed down and improvised arrangements made to enable the Fire Brigade to deal with the situation. Although no serious fire occurred when the water-supply was not available the danger of fires taking a serious turn is ever present, and I would urge that more attention should be given for putting up additional sluice valves so that the water-supply need not be closed down for repairs, etc.

The Cossipore-Chitpore area bounds with extremely serious fire risks, mostly consisting of jute warehouses and presses. Water has to be obtained from tanks or ponds (many of which are replenished by rainfall only) so at every fire motor pumps have to be utilised, as otherwise no water under pressure is available. This necessarily means some delay in getting to work, which would be obviated if water mains were installed. The nature of the risk involved is such as to render any delay whatever very dangerous, and there is no doubt that the installation of an efficient supply of water under pressure would enable the Fire Brigade to cope with many fires in their early stages and thus prevent them developing into serious fires.

For many years this has been pointed out in the Annual Report and also the fact that many of the tanks and ponds, which were formerly accessible, have now been filled up for sanitary reasons or to provide building sites.

A scheme for providing the necessary water-supply was discussed by the Corporation several years ago, but so far no action has been taken.

I would again stress that special attention be paid to the provision of a water-supply system for Cossipore-Chitpore area and immediate action taken.

Conditions in Howrah district are similar to those in the Cossipore-Chitpore areas. The Brigade has to rely on the river and tanks for an adequate supply of water. In Howrah also most of the available tanks are being filled in for sanitary reasons or to provide sites for building.

Although under a scheme approved of for the provision of hydrants in suitable positions in the mains supplying water to the overhead reservoirs some hydrants have been put up, I have to report that the risk of a great fire developing in the Howrah district is ever present, and it is hoped that the municipal authorities will considerably increase the number of these hydrants.

The fact that the fire float cannot approach certain portions of the Howrah river bank at low tide further complicates matters, and often the greatest difficulty has been experienced in obtaining sufficient water even to stop fires from spreading.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review it has responded to 14 calls as compared with 12 calls in the previous year.

Street fire alarms, telephone and electrical communication.—I am pleased to record appreciation of the work done by the Bengal Telephone Company, and the thanks of the Brigade are due to every member of that Company. The telephone operators have been very efficient in their duties and all necessary repairs to fire alarms, telephones, etc., have been carried out without delay.

The street fire alarm system, comprising some 150 points, is maintained by the Bengal Telephone Company in a highly creditable manner.

The number of false alarms due to electrical defects in this system is 17 for the year under review as compared with 34 in the previous year.

Inspection department.—The majority of theatres, cinemas and other places of public amusement with few exceptions have no serious fire risks. The work of inspecting these premises is carried out by a Corporation official, but before licenses are granted by the Corporation they are inspected by a Fire Brigade Officer in regard to fire precautions and other matters relating to public safety.

There were no serious fires during the year in theatres, cinemas or places of public amusement.

In connection with the Licensed Warehouse and Fire Brigade Act, I of 1893, 6,564 inspections of warehouses have been made during the year. Six hundred and twenty-three applications and complaints have been attended to and disposed of. Two hundred and thirty-six

prosecutions were made under section 14 of Act I of 1893, which resulted in 197 persons being fined, the fines aggregating in all Rs. 997. Eleven persons were warned and discharged, 2 persons acquitted, 17 cases were withdrawn and 9 cases were filed owing to their being no trace of the parties concerned.

General.—The Calcutta Fire Brigade protects the city of Calcutta and the Municipality of Howrah, and may attend fires outside the boundaries of the above, but not exceeding a radius of 6 miles from Fire Brigade headquarters, provided appliances can be spared, and on payment of a prescribed fee. The total area protected is approximately 120 square miles comprising a population of over 2,000,000 persons.

The Fire Brigade headquarters is stationed in a portion of the Samavaya Mansions, rented for the purpose. The place is extremely congested and unsuitable for the purpose of the Fire Brigade. There is no drill yard, drill tower, or drying tower and the workshop accommodation is extremely limited.

A proposal for construction of an up-to-date Fire Brigade headquarters on the "Free School" site at an estimated amount of Rs. 6,60,000 has been submitted to the municipalities concerned and Government, and it is hoped that the matter will receive due consideration so that the Fire Brigade may have headquarters of their own. It may be noted that the total rent paid up to date amounts to Rs. 5,98,000.

On 2nd January 1934, a Fire Brigade Exhibition and Tournament was held at the Central Avenue Fire Station. Their Excellencies the Viceroy and the Countess of Willingdon honoured the Fire Brigade by their presence and presented Long Service Medals to Station Officers Tucker and Fraser.

(*2*) The store-keeper, who shall be approved by the Collector of Customs, shall retain the key of the store-room in his own possession.

6. All spent lye or other useless refuse containing salt shall be effectually destroyed on or near the factory or works in such manner as the Collector of Customs may direct.

8. Any proved case of duty-free denatured salt having been restored, or attempted to be restored, to a condition fit for human consumption shall disqualify the owner of the manufactory whence the impure article was obtained from being a custodian or consumer of such salt in future, and render the remainder of his stock of duty-free denatured salt liable to confiscation.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1381L.C.—13th March, 1935.—The following report of the Select Committee on the Indian Stamp (Bengal Amendment) Bill, 1935, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Indian Stamp (Bengal Amendment) Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Indian Stamp (Bengal Amendment) Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 14th February, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted has been printed in *italics* and enclosed in square brackets, and all new matter inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, of the 28th January, 1935.

3. The Committee met for the first time on the 23rd February, 1935, and concluded its sittings on the 25th February, 1935.

4. We do not consider that the Bill has been so altered as to require republication.

5. The changes made in the Bill are as follows :—

Clause 1.—We have added a sub-clause to limit the duration of the enhanced stamp duties to three years.

Clause 5.—We have altered the year "1934" to "1935".

Clause 7.—In item (*17*) we have omitted sub-item (*i*) which sought to raise the stamp duty on the mortgage of a crop when the loan is repayable within three months from the date of the instrument.

In item (*23*) we have omitted those words which sought to raise the duties on a settlement to the level of those payable on a conveyance; and have added a provision to raise the minimum duty on an instrument of settlement from twelve annas to one rupee. The need for this addition arises from the amendment to clause (*c*) of Article No. 5 which is provided in item (*2*) of clause 7.

6. We recommend that the Bill as reported on by us, be passed.

Minute of dissent by Rai Bahadur Keshab Chandra Banerji, M.L.C.

I sign the Report subject to the following minute of dissent.

I am opposed to any increase of taxation until there is a distinct improvement in the economic condition of the country. The proposed enactment will prejudicially affect the interest of the landed classes as well as of businessmen. While there has been a considerable depreciation in the value of landed properties owing to continued slump in the jute market, the margin of profit from business has also been greatly reduced. It is unfortunate that Government should think fit to enhance stamp duties at such a time—an additional imposition which will affect those who have been hard hit by the economic depression. I am not on principle opposed to taxation provided that the people have the capacity to bear the burden and there is necessity for it. On the contrary, those who have a fixed monthly income are the proper persons to be taxed, but we find that they are going to benefit at the expense of others. The restoration of the remaining 5 per cent. cut in the salaries of Government officers only confirms that view.

I am glad that the Select Committee have proposed the addition of a sub-clause to clause (*1*) limiting the duration of the enhanced stamp duties to three years, a change which I greatly welcome; but I think the amendment should take the following form, namely:—

"(*4*) Sections 3, 4, 6 and 7 shall remain in force for three years only or till the introduction of the Reforms if the latter is earlier and thereafter the Indian Stamp Act, 1899, shall have force as if it had not been amended by the said sections."

THE INDIAN STAMP (BENGAL AMENDMENT) BILL, 1935.

(Embodying amendments recommended by the Select Committee.)

[NOTE.—All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.]

A

BILL

further to amend the Indian Stamp Act, 1899.

WHEREAS it is expedient to increase the revenues of Bengal and for that purpose further to amend the Indian Stamp Act, 1899, in its application to Bengal, in the manner hereinafter appearing ; II of 1899.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1382L.C.—13th March, 1935.—The following report of the Select Committee on the Bengal Electricity Duty Bill, 1935, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Electricity Duty Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Electricity Duty Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 12th February, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted by the Select Committee has been printed in *italics* and enclosed in square brackets and all new matter recommended to be inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, of the 28th January, 1935.

3. We do not consider that the Bill has been so altered as to require republication.

4. The Committee met for the first time on the 19th February, 1935, and concluded its sittings on the 27th February, 1935.

5. The more important changes made in the Bill are as follow :—

Clause 1.—We have added to sub-clause (*3*) a provision to limit the duration of the Act to three years.

Clause 2.—The addition of the words "other than a distributing licensee" is necessary, as otherwise in certain cases duty would be leviable twice on the same energy.

Clause 3.—Duty is leviable only on energy consumed for the purpose of lights and fans and, as in practice the amount of energy so consumed is measured by meters after transmission and transformation, the words "excluding losses of energy in transmission and transformation" are unnecessary.

We have recast the proviso so that it provides for the exemption also of mines, places of public worship, burial-grounds, vessels and certain charitable institutions.

Clause 3A.—This new clause exempts newly-formed electrical undertakings during the first three years following the date on which they commence supply.

Clauses 4, 5 and 6.—The Bill as originally drafted made no express provision for the collection and payment of the duty leviable on energy generated by persons who are not licensees. We have added a new sub-clause to clause 4 to remove this defect, and have made consequential changes in sub-clause (*1*) of clause 4 and in clauses 5 and 6.

Clause 7.—This clause has been redrafted so as to include provision for the recovery also of duty leviable on energy other than energy supplied by a licensee.

Clauses 8 and 9.—We consider it unnecessary to provide a penalty for the breach, without distinction, of all the rules contemplated by clause 9, and have made amendments accordingly.

Clause 8A.—We have added this new clause, mainly on administrative grounds, to exempt small private generating plants.

The First Schedule.—*Item* (*2*).—The scale contained in this item is intended to apply only where the unmetered supply of energy is by a licensee. We have amended the item to make this clear.

The Second Schedule.—*Item* (*4a*).—This addition is consequential on our inclusion of mines in the proviso to clause 3.

Item (*8*).—This item replaces explanation 2(*a*) of the Schedule as originally drafted, makes its meaning clearer and provides in addition for the exemption of small shops.

Explanations 2 and 3.—The changes here are consequential on the addition of item (8).

6. We recommend that the Bill, as reported on by us, be passed.

*Signed subject to his minute of dissent annexed.
NOTE.—The signature of Babu Jitendralal Bannerjee had not been received up to the time of publishing the Report.

Minute of dissent by Babu Jatindra Nath Basu, M.L.C.

The limitation of the period during which the Bill is to operate and the exclusion of new concerns for 3 years will remove some of the serious objections to the measure. But the price that consumers in many localities outside Calcutta have to pay for energy is not economical to the consumers. The measure should provide for exemption from payment of duty of those consumers who pay more than four annas per unit.

Minute of dissent by Rai Bahadur Satyendra Kumar Das, M.L.C.

I sign the report subject to the following minute of dissent :—

As 80 per cent. of the amount of the proposed taxation will be available from the city of Calcutta alone the operation of the Act should be limited to Calcutta only. The unit charge being the lowest in Calcutta the number of units under item (7) of the Second Schedule under the head " Exemptions " should be 12 units for Calcutta, and 24 units for mufassal towns, as chargeable unit rate in Calcutta is practically less than half the rate charged in mufassal towns. I reserve my other comments for the next opportunity during the consideration of the Bill in the Council.

Minute of dissent by Mr. Narendra Kumar Basu, M.L.C.

Clause 3.—In the proviso to clause 3, I would add " girls' schools ". It is well known that most girls' schools in the province are run at a loss and the exemption of these from the operation of the Act would be in accordance with the professed solicitude of the Government for female education in the province.

Minute of dissent by Khan Bahadur A. F. M. Abdur-Rahman, M.L.C.

I sign the report subject to my note of dissent that in the Second Schedule in item No. (7) in place of 12 units there should be at least a minimum of 18 units otherwise it will be practically no relief to the middle class people.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 1384L.C.—13th March, 1935.—The following report of the Select Committee on the Bengal Tobacco (Sales Licensing) Bill, 1935, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Tobacco (Sales Licensing) Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Tobacco (Sales Licensing) Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 14th February, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted by the Select Committee has been printed in *italics* and enclosed in square brackets, and all new matter recommended to be inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, of the 28th January, 1935.

3. We do not consider that the Bill has been so altered as to require republication.

4. The Committee met for the first time on the 19th February, 1935, and concluded its sittings on the 6th March, 1935.

5. The more important changes made in the Bill are as follows:—

Clause 1.—We have added a provision to sub-clause (*3*) to limit the duration of the Act to three years.

Clause 2.—We have expanded the definition of "Collector," outside Calcutta, so that it may cover any officer, *e.g.*, an Additional Collector of a district, duly empowered by Government.

We have added a definition of "Superintendent of Excise" so as to enable an Inspector of Excise who is in charge of a district to exercise the powers of a Superintendent under the Act.

Clause 3.—We have fixed a period of time in sub-clause (*1*) instead of leaving a period to be prescribed by rules.

Clause 6.—We have made it clearer that the penalty in clause 6 refers to the selling of tobacco without a license.

Clause 8.—We have removed from the Bill all provisions for, or regarding, the confiscation of tobacco or other articles. Hence the changes in this clause, our amendment of sub-clause (*b*) of clause 12 and the deletion of clauses 14 and 15.

Clause 11.—In sub-clause (*c*) we have restricted the power of entry to Excise officers not below the rank of a Sub-Inspector of Excise.

Clause 12.—We have provided in sub-clause (*a*) that the arrest of any person without a warrant shall be limited to cases where the person refuses to give his name and address or gives a name and address which is believed to be false.

Clauses 14 and 15.—Omitted, *vide* explanation against clause 8.

Clause 18.—We have added sub-clause (*1a*) to make the intention clearer.

Clauses 21 and 21A.—These jointly replace clause 21 as originally drafted, and are intended to make clearer the procedure contemplated.

Clauses 24 and 26 (3).—The original drafts were defective inasmuch as they made provision for Collector's warrants only. We have removed this defect.

Clause 29.—The changes made are consequential on changes made in clause 3 (*1*) and clause 11.

6. We recommend that the Bill, as reported on by us, be passed.

Minute of dissent by Dr. Naresh Chandra Sen Gupta, M.L.C.

I regret I cannot agree with the scheme of the Bill.

It must be remembered that the Bill is not meant to be penal, but only a revenue measure designed to recover a very small amount of revenue from sellers of tobacco. On payment of the very small revenue of Rs. 6 or less the holder of the license is to be able to sell an unlimited quantity of tobacco unlike an excise licensee who has to pay the tax according to the quantity of the excisable article sold.

Yet this Bill prescribes penalties out of all proportion to the requirements of the case and lays down an elaborate procedure mainly borrowed from the Excise Act which would be wholly unnecessary for the end in view, and, if abused, might lead to utterly needless harassment of persons for a small matter of Rs. 3 or Rs. 6.

The correct model for a measure of this kind intended to realise small revenues is not to be found in the Excise Acts which are designed for a different category of revenue offences but in the provisions of the Railways Act for realisation of fares from passengers by penalising travelling without tickets (Sections 113 and 132). Section 113 of the Railways Act provides that for travelling without a ticket or without payment of a proper fare the offender has to pay a small fixed penalty, not exceeding the single fare payable on the difference payable, to the authorised railway officer demanding the same. Sub-section (*4*) of the section provides that on his failure to pay the fare plus the penalty on demand a magistrate may realise the amount as a fine and pay it to the Railway administration.

An alternative model is provided by the Public Demands Recovery Act under which a certificate may be issued and executed by the Certificate Officer after hearing objections, if any, leaving it open to the Certificate debtor to go to the Civil Court in case he contests his liability to pay.

On these lines I should suggest the omission of the clauses 6-9, 13-18, 20-26 and substitute in their place one or the other of the following alterations:—

I.

"*Clause 6.*—(*1*) Whoever sells or for the purpose of sale exposes or keeps tobacco in contravention of section 4 shall be liable to pay on demand by an excise officer authorised in this behalf by any general or special order of any Excise Officer not below the rank of an Inspector of Excise in charge of a district, a penalty hereinafter in this section mentioned, in addition to the prescribed license fee payable by him unless he has taken out a license already.

Section 113 Railways Act.

(*2*) The penalty referred to in sub-section (*1*) shall be—

(*a*) Where the person does not hold a license granted under section 5, a sum equal to twice the amount of the license fee payable by him under the rules;

(*b*) Where he holds a license under section 5 but has acted in contravention of the terms of the license, a sum equal to the amount of the license fee payable by him.

(*3*) If such person fails or refuses to pay the amount payable by him under this section on demand by an Excise Officer authorised as hereinbefore provided, the sum payable by him shall, on application made to any Magistrate by any Excise Officer authorised in this behalf, be recoveredby a Magistrate from him as if it were a fine imposed by the Magistrate on the person charged with the same.

Clause 7.—(*1*) If any person fails or refuses to pay the amount demanded from him under section 6, and there is reason to believe that he would abscond or his name and address are unknown or he refuses on demand to give his name and address or there is reason to believe that the name or address given by him is incorrect, any excise officer authorised to demand such payment, or any Police Officer or other person that such excise officer may call to his aid, may, without warrant or other authority, arrest him.

Railways Act Section 132.

(*2*) The person arrested shall be released on his giving bail, or if his true name and address are ascertained, on his giving a bond without sureties for appearance before a Magistrate when required.

(*3*) If the person cannot give bail or his true name and address cannot be ascertained, he shall, without the least possible delay, be taken before the nearest Magistrate having jurisdiction."

II.

The second alternative which I first placed before the Select Committee which followed the same outline of the Certificate procedure minus the appeal to the Civil Court was as follows:—

"*Section 6.*—Whoever sells, exposes or keeps for sale tobacco in contravention of section 4 shall be liable to a penalty equal to twice the amount of the license fee payable by him, in addition to the fee payable if not paid by him.

Section 7.—Whenever a Collector, Excise Commissioner or a Superintendent of Excise is satisfied on the report of an Excise Officer or otherwise and upon making such further investigation as he may deem fit that any person has sold, or for the purpose of sale exposed or kept, or is selling or for the purposes of sale is exposing or keeping tobacco in contravention of section 4 within the jurisdiction of such Collector or within the local area over which the Commissioner of Excise or Superintendent, as the case may be, has authority, he may make an order calling upon such person to pay the penalty payable under section 6 together with the prescribed license fee, if not paid by him, and authorise any excise officer to execute the order.

Any person against whom an order for payment has been made shall, on payment of the sum ordered to the officer executing the order be entitled to be granted a license under section 4 for the period covering the date of the offence.

Provided that any person against whom such an order has been made shall have the liberty, notwithstanding that he has paid the amount, to apply to a Magistrate having jurisdiction in the local area for a refund of the amount so paid by him. And, if the Magistrate is satisfied upon the evidence adduced before him that the penalty was improperly levied or that it was, in the circumstances of the case, excessive he may direct that the amount so paid by the offender on such portion thereof as may have been improperly levied be refunded to him.

Any amount ordered to be paid under section 7 shall be realisable as a fine under section 386, Cr. P. Code by a Magistrate having jurisdiction in the local area where the offence has been committed or where the person against whom the order has been made resides or carries on his business".

There can be no question that either of these two procedures would be simpler, less expensive and more convenient to the executive than the one in the Bill. Persons improperly charged will, at their choice, have the protection provided by trial before a Magistrate. While others who have broken the law will be saved the trouble and harassment of arrest, searches, trials in distant courts and of the infinite worrying attentions of excise officers, by simply paying the penalty.

This is my principal ground of attack against the scheme of the Bill. Subject to this, I object to the clauses in the following particulars:—

Clause (1).—The duration of three years in sub-clause (*3*) should be from the date of the commencement of the Act. The clause as drafted means that the Bill will cease to operate in different areas on different dates which is unjustified.

Clause (*2*) (*1*) (*ii*).—"Such other officer, etc." should be omitted and "Additional Collector" substituted in its place.

Clause 3.—In my opinion sub-clause (*2*) should be omitted.

Clause 6.—The maximum fine of Rs. 100 is out of all proportion to the needs of the case. It ought not to exceed twice the amount of the license fee.

Clause 9.—The issue of a search warrant is a far too harassing process for the insignificant object in view. If this is at all retained the warrants ought to be issued by a competent Magistrate and not by an Excise Officer.

Clause 12.—The power to seize tobacco is uncalled for.

Clause 13.—The issue of warrant for arrest of a person believed to have committed an offence is unnecessary. It would be enough if the offences under this Act are treated as summons cases under the Criminal Procedure Code where warrant could issue only if the offender fails to appear on summons. In any event a warrant of arrest should not be issued by any other than a Magistrate having jurisdiction.

Clause 17.—The incorporation of sections of the Criminal Procedure Code which are designed for the investigation of cognisable offences seems to have been done without much thought. Section 164 (relating to recording of confessions) which is one of such sections would seem to be singularly *malapropos*. Sections 165 and 166 which authorise the Police Officer to make a search are also wholly inapplicable to offences under this Act and may be an instrument of harassment. Section 167 which provides for the remand of a person in custody beyond 24 hours cannot be made applicable to an offence in respect of a maximum sum of Rs. 6. Sections 168, 169 and 170 are similarly absurd in their application to the offences under this Act.

The simpler procedure on the lines of Section 132 of the Indian Railways Act ought to suffice in a case of this character. Sections 169 and 170 seem to be wholly supera-gotory in view of sub-clause (*4*) of clause 17.

Clause 18.—It is extraordinary that the bail should be required for attendance before an investigating officer. The Criminal Procedure Code requires the bail to be for attendance before a Magistrate when required. It should be the same here.

The investigation for these offences cannot possibly be elaborate as in a case of any cognisable offence. To authorise Excise officers to require supposed offenders to attend at a protracted investigation would give them powers of harassment which may be easily abused.

Clause 20.—The provision for taking cognizance on suspicion is novel. Suspicion may suffice for arrest or to start an investigation but not for starting a prosecution.

If cognisance on the Magistrate's own knowledge is retained section 191, Criminal Procedure Code, should apply.

Clause 21.—It is inconceivable why when a person refused or fails to give bail he should be forwarded to an investigating officer and not to a Magistrate.

Clause 25.—Twenty-four hours is too long a time for authorised detention in the case of such trivial offences. Twelve hours ought to be the limit.

Minute of dissent by Rai Sahib Panchanan Barma, M.L.C.

Clause 1 (3).—(*a*) A comma should be inserted after the words "three years only" and before the words "from the date" to make the meaning clear and to draw pointed attention to the intention that the period intended is three years and no longer.

(*b*) At the end of the sub-clause (*3*) after the words "in any area", the words "with respect to any kind of tobacco mentioned in the Schedule" should be added.

In the districts or in the parts of districts where tobacco is grown, any restriction to some kind of sale of leaves or stalks of tobacco grown, may do much harm to the cultivators of tobacco. The tobacco growers should be left free to grow their tobacco and sell their tobacco grown by them in any way they like. Any restriction to it will injuriously affect them. If the Act operates with respect to any kind of tobacco other than leaves and stalks locally grown, the cultivators of tobacco may go on doing their work unaffected by any outside interference from the excise officers.

It should be made clear that the Act operates only for 3 years from the date of its commencement in the province of Bengal as a whole. As the Bill is drafted, the duration of the Act in the province of Bengal remains indefinite. The operation of the Act in any particular area is restricted to 3 years only from the date of its coming into operation in that particular *area.* So by application of the Act on a different date to a different area its operation may be extended over 33 years which is not intended.

Clause 3 (1).—(*a*) The meaning of the words "within forty eight hours" should be made clear. Within the period of the whole of a year a particular person, may within a particular period of forty-eight hours, sell to a particular person that quantity of particular kind of tobacco which by the definition, may make him a "whole-sale dealer." Another person may make such sales repeatedly during the year. It should be made clear who is the person intended here.

(*b*) It should also be made clear whether a person may be "wholesale dealer" with respect to one kind of tobacco and "retail sale dealer" with respect to another kind of tobacco.

(*c*) It is to be determined also whether one license may cover sale of all kinds of tobacco.

(*d*) If a person is to take different licenses for selling different kinds of tobacco the burden of taxation on him will be very heavy, specially on small dealers.

Clause 4, first Proviso.—(*a*) Growers of tobacco "by labour paid in cash or in kind" are exempted by this proviso. But this proviso, as it stands, at present, cannot be taken to mean, that the *adhiars* or *bargadars* of tobacco who take a share of the produce for their labour in growing tobacco are exempted. The intention was to exempt the *adhiars* and *bargadars* who are certainly "growers of tobacco", though in another land; but in the interest of the owner of the land and of the *adhiar* or *bargadar* himself. The *adhiar* or *bargadar* is certainly the grower of tobacco of the first rank. The *adhiars* or *bargadars* of tobacco are partners in the business of tobacco. The owner of lands supplies the capital, *i.e.*, the land and the *adhiar* or *bargadar* supplies the labour and they share the produce, or profit. So a clear provision should be made describing or defining *adhiars* or *bargadars* of tobacco as *growers* of *tobacco.*

(*b*) The members of the tobacco grower's family are also tobacco growers. They should be clearly exempted.

(*c*) During the tobacco season, sometimes two or more tobacco-growers sell their respective tobacco, join the money obtained by the sale of tobacco as capital and purchase and sell tobacco for profit. This is partnership business or joint stock company business in embryonic stage. Such business in embryonic stage should be encouraged to develop. At this time of economic distress it will help the cultivators who are very hard hit to get some relief for such as purchasing some cloth, etc., with the profit so gained. By way of such relief being granted to them and by way of encouraging them

to develop their idea or capacity of doing partnership or joint-stock company business the cultivators doing such sort of business, as mentioned above, should be exempted, if anything more cannot be done, from taxation. This may well be done under the second proviso to clause 4.

The Bill makes no provision for the specific amount of fee to be imposed on dealers of tobacco in regard to a wholesale or retail license, and what kind of tobacco. This leaves my mind dubious as to the amount which is intended to be imposed on different kinds of tobacco licenses by the Government. In this dubious state of mind, I cannot form any judgment as to what I should advise.

Minute of dissent by Maulvi Tamizuddin Khan, M.L.C.

I am opposed to the principle of the Bill. In my opinion the present time is highly inopportune for a taxation measure like this.

Minute of dissent by Maulvi Abul Kasem, M.L.C.

I sign the report subject to the following minute of dissent:—

In my opinion the license fee for a retail dealer in rural areas should be Re. 1 a year, and that for the urban areas Rs. 4.

Report of the Select Committee on the Bengal Amusements Tax (Amendment) Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Amusements Tax (Amendment) Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 14th February, 1935, have the honour to submit this our report with the Bill embodying an amendment recommended by us annexed. The matter inserted by the Select Committee has been underlined.

2. The Bill was published in English in the *Calcutta Gazette Extraordinary* of the 28th January, 1935.

3. The Committee met for the first time on the 19th February, 1935, and concluded its sittings on the 26th February, 1935.

On the 20th February, 1935, the Committee received a deputation consisting of certain members representing the producers, distributors and Exhibitors of the Cinema Industry, who were headed by Mr. B. N. Sarkar, and gave them a hearing as to the effect of the new tax on the Indian Cinema Industry. Their main grievances are set out in a memorial addressed to His Excellency the Governor of Bengal, dated the 8th February, 1935, printed as Paper No. 2 to the Bill.

4. We do not consider that the Bill has been so altered as to require republication.

Clause 1.—The Committee decided that the taxes imposed by the Bill should be in force for a period of three years only and sub-clause (*3*) has been added accordingly.

We recommend that the Bill as reported on by us be passed

Minute of dissent by Mr. K. C. Ray Chowdhury, M.L.C.

I do not object to the principle of taxing low-priced tickets of admission to the cinemas, but favour the idea of reducing the tax from half-an-anna to quarter-of-an-anna on tickets of admission the cost of which exceeds three annas but does not exceed four annas. This idea is based on the simplest of economic maxims of taxation, namely, capacity to pay. Among those who patronise cinemas as recreation are a large body of working class people. They cannot afford more than three or four annas for admission out of their fixed wages, which are in these days of depression, at its minimum. It is generally admitted that cinemas provide healthy counter-attraction to those workmen who otherwise spend their leisure on drink and dissipation and gambling. This applies remarkably to jute-mill hands who are working only four days a week. I am told that there is appreciable falling-off in sale of intoxicants in Howrah, since the opening of cinemas there. The habit of drinking country liquor and toddy among working class people is also falling in Kosba, Dhakuria and adjoining villages after the opening in January last of the "Aleya" Cinema, near Ballygunj station. From the point of view of new industrial development, several indigenous companies have cropped up for production of cheap Indian films which attract the working classes, specially if the plot is a religious or mythological one. They are already handicapped by heavy duty of raw films. The reduction of one pice on the lowest priced tickets of three and four annas will, according to estimates supplied to the Committee, cause a small shrinkage in revenue of about Rs. 12,500 from 2 lakhs, the estimated yield of the proposed tax, but it is a good deal of money payable by the poorest class of cinema-goers. Rs. 12,500 represents an annual sale of 800,000 three and four-anna tickets. I fear even a pice tax, instead of two pice as proposed in the Bill, will even adversely affect sale of these tickets and will naturally jeopardise the position and prospects of this young film industry which employs a large number of educated young men and female artists.

Minute of dissent by Mr. P. Banerji, M.L.C.

I cannot but utter a strong protest against the imposition of duty on the four-anna ticket in the cinemas, etc. It is regrettable that this will actually fall on the poorest of the poor to whom even four annas is a very big amount to spare for a harmless recreation. If this duty, like the excise on wines, is meant to decrease the sale of commodity, *i.e.*, decrease the people going to cinemas, I would welcome it, if it is proved that the cinemas are dangerous for society, but as it has been accepted that it is the most harmless of the recreation of the poor, I cannot find any justification for this duty.

The disadvantage of any small increase in taxation must be counterbalanced by the advantage to the community of a further small increase in public expenditure in every direction, but I find that this direct taxation is a very harmful and dangerous precedent in taxing the poor. An individual must adjust his expenditure to income and naturally shall be forced either to decrease his visits to the cinemas or shall try to increase his income. The labourer as is well known cannot increase his wages and thus is in an unhappy position, as like the Public Authority, he cannot adjust income to expenditure. The reason that a higher priced seat is bearing the taxation is no ground that the poor can also bear it. For instance an individual having a monthly income of Rs. 500 or more does not spend more than 12 per cent. even if he takes a two-rupee ticket daily, but a poorly paid wage-earner whose income is hardly eight annas a day has to spend about 15 per cent. if he chooses to spend only once a week in this harmless pastime. In fact, it is a very high tax on people with slender resources. I want to utter a note of warning that the result of this taxation will be very dangerous for cinemas, specially to Bengali and Indian-owned cinemas, as the four-anna and eight-anna seats bring a stable revenue to them. The Bengali film-producer will be most hard hit because his films can be shown only in Bengal, unlike the English and Urdu and Hindi films which are exhibited all over India. The film and the cinema industry is the only industry in which the proverbial shy capital of the Bengalee has speculated against all odds, and if this also turns out to be a losing venture, it will spell disaster for Bengalee capital.

I would welcome if the Government stop the issue of complimentary tickets in cinemas except under very special circumstances, for which records must be kept by cinemas, as the issue of complimentary tickets decreases the sale of higher priced tickets and thus the Government loses the duty to a considerable extent. The holder of a complimentary ticket must pay 25 per cent. of the face value of the seat for which the pass is issued as amusement tax.

The profiteering by middlemen on sale of any cinema tickets as distinct from the cinema proprietors or their recognised agents must be stopped.

In Bombay even, there is no amusement tax on four-anna tickets, in spite of the fact that in Bombay the labour gets higher scale of wages than in Bengal, and in Madras four-anna tickets are exempted from amusement duty.

Amendment of section 8, Act II of 1918.

5. In clause (*b*) of sub-section (*2*) of section 8 of the said Act, for the words "constituted for examining and certifying films as suitable for public exhibition" the words and figure "constituted under section 7" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Under the provisions of the Cinematograph Act, 1918, all films intended for public exhibition in British India are subject to censorship. The censorship is however confined to the film itself and does not extend to the advertising matter, used in connection with the exhibition of the film, which is often more objectionable than the film advertised. In paragraph 249 of their Report; the Indian Cinematograph Committee recommended that action should be taken to bring posters used in connection with the exhibition of cinematograph films under control. The desirability of taking action in this matter has become more evident with the lapse of time and an examination of the question in consultation with Local Governments has made it clear that steps should be taken to amend the Cinematograph Act so as to provide for the censorship of all pictorial representations intended for use as advertising matter in connection with cinematograph films. The Bill is intended to provide for the amendment of the Act accordingly.

CALCUTTA, THE 26TH MARCH 1935.

RESOLUTION—No. 2190M.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

By Government resolution No. 836M., dated the 26th February 1934, the Subdivisional Officer of Serampore was appointed under section 550 of the Bengal Municipal Act, 1932, to be in charge of the Assessment and Collection Departments of the Kotrung Municipality until the end of the year 1934-35. As the quinquennial revision of assessment of the municipality has already been undertaken by the Subdivisional Officer, Government consider it desirable that the Subdivisional Officer should remain in charge of the two departments for three months more so that he may complete the assessment after considering applications for review of assessment received after the issue of the first notice of demand.

2. In view of the above consideration Government called upon the Municipal Commissioners, under section 550, sub-section (*1*) of the Bengal Municipal Act, to show cause why the period of appointment of the Subdivisional Officer should not be extended by another period of three months. In reply, the Municipal Commissioners have agreed to the action proposed to be taken by Government without prejudice to the competency of the present Municipal Board to take up the review work in a fair and impartial manner.

3. In exercise of the power conferred by section 550, sub-section (*2*) of the Bengal Municipal Act, read with section 22 of the Bengal General Clauses Act, the Government of Bengal (Ministry of Local Self-Government) are accordingly pleased to appoint the Subdivisional Officer of Serampore to be in charge of the Assessment and Collection Departments of the municipality for a further period of three months with effect from the 1st April 1935.

4. Ordered that this resolution be published in the *Calcutta Gazette*.

(*1*) In the event of any person being elected to two or more ordinary or to two or more special seats, such person shall be at liberty to choose which thana or special electoral unit he will represent, and in every other thana or special electoral unit for which the said person has been returned, the result of the election shall be determined under the preceding rule as if no votes had been recorded for him, and, if necessary, a fresh election will be held.

(*2*) If any person is elected, both to an ordinary and to a special seat, he shall be deemed subject to the provisions of sub-rule (*2*) of rule 32 to have been elected to the special seat only and, in the thana for which he has been returned, the result of the election shall be determined as prescribed in sub-rule (*1*)."

(*3*) The election shall proceed as follows:—

(*b*) Such proposal shall not be taken into consideration unless it has been seconded by a member other than the candidate or the proposer.

(*c*) If the number of candidates duly proposed and seconded either for the special or for the ordinary seats, as the case may be, be less than or equal to the number to be elected by the local board in each case, the President shall declare such candidate to be duly elected.

Without such folding of the counterfoil or signature the voting paper shall be invalid.

(*vii*) declare those among the remaining candidates to whom the largest number of votes may have been given to be duly elected to the ordinary seats on the district board:

Provided that where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person or persons to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the President and in such manner as he may direct.

(*4*) Notwithstanding anything contained in rule 74 or in the Rules of Business adopted by any board, if there are more candidates than vacancies the names only of the persons proposing and seconding and the number of persons voting for each candidate and the names of the candidates duly elected shall be entered in the proceedings."

No. L.-3033.—In exercise of the powers conferred by section 35 of the Workmen's Compensation Act, 1923 (VIII of 1923), the Governor-General in Council is pleased to make the following rules for the transfer to any part of His Majesty's Dominions or to any other country of money paid to a Commissioner under the Act for the benefit of any person residing or about to reside in such part or country, and for the receipt and administration in British India of any money awarded under the law relating to workmen's compensation in any part of His Majesty's Dominions or in any other country, and applicable for the benefit of any person residing or about to reside in British India.

RULES.

PART I.—*General.*

1. These rules may be called the Workmen's Compensation (Transfer of Money) Rules, 1935.

2. In these rules, unless there is anything repugnant in the subject or context

(a) "the Act" means the Workmen's Compensation Act, 1923,

(b) "authorised officer" means any officer whom the local Government may designate either generally or in respect of any area or class of cases, for the purpose of performing the functions assigned by these rules to the authorised officer,

(c) "transferring authority" means any authority in any part of His Majesty's Dominions or in any other country who transfers or causes to be transferred any lump sum awarded under the law relating to workmen's compensation in such part or country and applicable for the benefit of any person residing or about to reside in British India.

3. When any sum is transmitted by any authority in British India to any other authority in accordance with these rules, the costs of such transmission may be deducted from the sum so transmitted.

4. Money transmitted by any authority in British India to any other authority in British India in accordance with these rules, shall be transmitted by one of the methods prescribed in rule 41 of the Workmen's Compensation Rules, 1924.

PART II.—*Transfer of money paid to a Commissioner for the benefit of any person residing or about to reside in another country.*

5. When the whole or any part of a lump sum deposited with a Commissioner for payment as compensation under the Act is payable to any person or persons residing or about to reside in any other country, the Commissioner may order the transfer to that country of the sum so payable.

6. When the Commissioner has ordered the transfer of any sum under rule 5, he shall cause to be prepared and shall certify under his hand a memorandum containing a brief statement of the facts of the case, of the orders passed upon it, and of the name and address of each person to whom payment is to be made.

7. If the Commissioner is not himself the authorised officer he shall forward the memorandum in duplicate to the authorised officer and may either remit the sum to be transferred to the authorised officer or retain it and dispose of it in accordance with the directions of the authorised officer. If the Commissioner is himself the authorised officer, he shall proceed as provided in rule 8.

8. The authorised officer, after satisfying himself that the memorandum is complete, shall forward it, and remit or cause to be remitted the sum to which it relates by such means of safe transmission as he may consider convenient to the authority appointed in this behalf for the country to which the sum is to be transferred, or if no such authority has been appointed, to such authority as the local Government may by general or special order direct, and shall at the same time request the authority addressed

(a) to arrange for payment to be made in accordance with the directions contained in the memorandum; and

(b) to furnish him with a report of the action taken upon the memorandum and return any sum the payment of which is for any reason impossible.

9. (1) The authorised officer shall, if he is not the Commissioner with whom the matter originated, forward to such Commissioner a copy of any report received in response to a request made under rule 8.

(2) Any sum returned in accordance with rule 8 shall be disposed of in accordance with the Act.

PART III.—*Receipt and administration in British India of any money awarded under the law relating to workmen's compensation in another country.*

10. (1) The authorised officer shall be the proper authority to receive moneys from transferring authorities.

(2) If any Commissioner or other Government servant, not being the authorised officer, receives any sum from a transferring authority he shall either forward such sum, together with any papers relating thereto, to the authorised officer for disposal or obtain the instructions of the authorised officer as to the disposal of the sum and papers and act in accordance with his instructions.

11. The authorised officer may himself dispose of any sum or part of any sum which he receives or of which he assumes control under rule 10 or may send it or any part of it for disposal to such Commissioner or Commissioners as he considers proper.

12. All sums received from a transferring authority shall be disposed of as far as possible in accordance with the provisions of the Act and the Workmen's Compensation Rules, 1924.

Provided that the directions, if any, received from the transferring authority as to the manner in which the sum should be administered shall be complied with.

13. (1) The authorised officer shall forward to the transferring authority a report showing how the sum received from him has been disposed of.

(2) Any Commissioner, not being the authorised officer, who has disposed of any part of the sum, shall make a report in duplicate as to the disposal of that part to the authorised officer, and, if the sum was received by him from another such Commissioner acting in accordance with section 21 of the Act, shall forward his report through that Commissioner.

14. Any part of the sum received from the transferring authority which shall have remained undisbursed after the completion of the proceedings shall be returned to the transferring authority by, or under the direction of, the authorised officer.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Cf. Ib. S. 149.

STATEMENT OF OBJECTS AND REASONS.

1. The Income-tax Act was for the first time enacted in 1886, when it was said that a sum of about a crore of rupees was required owing to the deficit Budget created by the unusual outlay on the Burmese War and the sudden depreciation of silver. The tax was intended to be a temporary one. But it has since remained and now realizes over twenty times that amount. Similarly, the super-tax levied as a war measure has been made permanent. But the procedure for the levy of both is antiquated and summary and places an undue power in the hands of the assessing authorities who have been given the final right of hearing the so-called appeal of the assessee.

2. Income and super-tax is more appropriate to creditor countries and to those in which commercial and industrial enterprise has led to the accumulation of capital from which the State may justly claim a share. But in a country primarily agricultural in which capital is naturally shy, and commercial and industrial enterprise comparatively recent and in a state of infancy, the State should be loth to tax at least over-tax the circulation of capital, but this is now possibly a counsel of perfection.

3. The intention of this Bill is, therefore, merely to remove the most glaring of defects in the method of assessment and its control leaving a future reformed rectifying the obvious wrong of a double super-tax and other anomalies from which the payers of income-tax suffer.

4. For the present it is intended to bring the assessors under some popular and judicial control and partially redress the just major grievances of the assessees.

It is hoped that the Bill will receive general support and in some measure ameliorate the harshness and rigour of a taxing measure whose unpopularity has been pronouncedly increased by the mode and manner of its administration.

FAKIR CHAND.

NOTES ON CLAUSES.

Clause 2.—In England the collecting agency is an independent body of patriotic citizens who levy the tax and hear appeals from the assessor's valuation and are generally entrusted with the administration of the Act : the result being that the tax, odious though it is, does not gain in its odiousness by its administration by the very persons interested in its collection.

(2) Under S. 57 of the English Tax Act, 1918, now in force, the income-tax is levied by the commissioners of Inland Revenue whose number ordinarily varies from 3 to 7 (S. 59) but which may be increased to 14 (*Ib.* S. 59). They are appointed for specified cities or divisions and possess the sole power to assess, collect and levy the income-tax (*Ib.* S. 64) and hear appeals against assessment (*Ib.* S. 133). Such commissioners are generally drawn from well-to-do classes. For special cases special commissioners are appointed and they possess the same right as general commissioners (*Ib.* S. 67).

The general commissioners appoint assessors for one year (*Ib.* S. 76), and the collector of taxes (*Ib.* S. 80).

(3) If the English procedure were followed, the whole Act would have to be recast. It is not the intention of the present Act to do more than introduce an element of impartibility in the assessment of income-tax by providing that the assessor shall act with the concurrence of three or more assessors and that all appeals against his assessment shall lie to a Court unconnected with the assessing department. This is the barest justice to the assessee who is entitled to much more and not anything else.

(4) The English law allows three appeals against an assessment—*first* to the special commissioners, *secondly* to the Recorder or *County Court* Judge and *thirdly* to the High Court (SS. 147—149). Under the Bill, if passed, provision is made only for a single appeal, but the High Court has been given the general power of revision which it possesses in all civil and criminal cases. In England the appeals lie to special commissioners. The Bill embodies the general spirit of the English Act, though it does not adopt its machiney.

PART III.

Adaptations of the Indian Income-tax Act, 1922, to provide for the summary assessments of income-tax on total incomes of less than Rs. 2,000.

1. The Income-tax Officer may, save where he has served a notice under sub-section (*2*) of section 22 of the Indian Income-tax Act, 1922, make a summary assessment of the income of an assessee to the best of his judgment, and shall serve on the assessee a notice of demand in a form to be prescribed by the Central Board of Revenue ; and such notice shall be deemed to be a notice of demand under section 29 of that Act.

2. Any assessee in respect of whom such summary assessment has been made, may within thirty days of receipt of the notice of demand, make an application to the Income-tax Officer for the cancellation or revision of the assessment, and the Income-tax Officer shall, after examining any accounts and documents and hearing any evidence which the assessee may produce, and such other evidence as the Income-tax Officer may require, determine, by order in writing, the amount of the tax, if any, payable by the assessee, and such determination shall be final :

Provided that, if any assessee making such application files therewith a return of his income under sub-section (*2*) of section 22 of the Indian Income-tax Act, 1922, the application shall be deemed to be a return under that sub-section and shall be dealt with accordingly.

3. A copy of an order under paragraph 2 shall be served on the assessee to whom it relates and shall be deemed to be a notice of demand under section 29 of the Indian Income-tax Act, 1922.

4. The above procedure shall apply also to the assessment and collection during the financial year 1935-36 of incomes of Rs. 1,000 and upwards and less than Rs. 2,000 which have escaped assessment in the financial year 1934-35.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to continue for a further period of one year certain duties and taxes imposed under the Indian Finance Act, 1934, which would otherwise cease to have effect from the 1st April 1935 ; to reduce the income-tax on incomes of Rs. 1,000 or upwards but less than Rs. 2,000 ; to reduce the surcharges on income-tax and super-tax ; to reduce the import and excise duties on silver ; and to abolish the export duty on raw skins.

2. Clauses 2 and 4 provide for the continuance for a further period of one year of the existing provisions regarding salt duty and inland postage rates. The duty of Rs. 1-4-0 per maund on salt remains liable to the additional duty imposed under Section 5 of the Indian Finance (Supplementary and Extending) Act, 1931.

3. Clause 3 provides for the reduction of the import duty on silver from five annas per ounce to two annas per ounce and for the abolition of the export duty on raw skins.

4. Clause 5 provides for the continuance for a further period of one year of the existing rates of income-tax and super-tax with the following alterations :—

(*a*) The rate of income-tax when the total income is Rs. 1,000 or upwards but is less than Rs. 1,500 is reduced from two pies to $1\frac{1}{3}$ pies ;

(*b*) The rate of income-tax when the total income is Rs. 1,500 or upwards, but less than Rs. 2,000 is reduced from four pies to $2\frac{2}{3}$ pies ; and

(*c*) the surcharges on income-tax and super-tax are reduced from one-fourth to one-sixth.

As it is proposed to retain the tax on incomes of Rs. 1,000 and upwards but below Rs. 2,000 per annum at a reduced rate, clause 5(*4*) provides for the continuance of the existing procedure for the assessment of such incomes which has already been approved by the Legislature.

Clause 5(*5*) provides that incomes from salaries and interest on securities should be finally taxed for purposes of income-tax and not super-tax at the rates applicable to a total income of like amount which was in force at the time when the taxation at source on these incomes took place ; otherwise salary earners, for example, will be able not only to secure the advantage of reduced rates during 1935-36 but also to obtain a refund of part of the tax which had been deducted from their salaries during 1934-35. It also makes a similar provision for purposes of refunds under sub-section (*1*) or sub-section (*3*) of section 48 in respect of dividends declared in the year ending 31st March, 1935, or of payments made in the said year of salaries or of interest on securities. These provisions form the counterpart of a concession that has been allowed from time to time in the past when rates of income-tax were being enhanced.

5. Clause 6 provides for the reduction of the excise duty on silver corresponding to the reduction in import duty.

6. The reasons for making the above changes have been fully explained in my budget speech.

L. A. BILL No. 11 OF 1935.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purposes hereinafter appearing ; It is hereby enacted as follows :— V of 1908.

Short title.

1. This Act may be called the Code of Civil Procedure (Third Amendment) Act, 1935.

Amendment of section 60, Act V of 1908.

2. In the proviso to sub-section (*1*) of section 60 of the Code of Civil Procedure, 1908, V of 1908.

(*a*) for clauses (*h*) and (*i*) the following clauses shall be substituted, namely :—

"(*h*) the wages of labourers and domestic servants, whether payable in money or in kind, and salary, if the amount of the salary does not exceed one hundered rupees monthly;

(*i*) the salary of any public officer or of any servant of a railway company or local authority to the extent of the first hundred rupees and one-half the remainder of such salary :

Provided that, where the whole or any part of the portion of such salary liable to attachment has been under attachment whether continuously or intermittently for a total period of twenty-four months in execution of one or more than one decree, such portion shall finally cease to be liable to attachment in execution of such decree or decrees and shall not be liable to attachment in execution of any other decree until the expiry of a further period of twelve months ;" ;

(*b*) in clause (*k*), for the figures " 1897 " the figures " 1925 " shall be substituted ;

(*c*) for clause (*l*) the following clause shall be substituted, namely :—

" (*l*) any allowance forming part of the emoluments of any public officer or of any servant of a railway company or local authority which the Governor General in Council may by notification in the Gazette of India declare to be exempt from attachment, and any subsistence grant or allowance made to any such officer or servant while under suspension ; " ; and

(*d*) the *Explanation* at the end shall be re-numbered as *Explanation 1* and, after the *Explanation* as so re-numbered, the following *Explanation* shall be added, namely :—

" *Explanation 2.*—In clauses (*h*) and (*i*), 'salary' means the total monthly emoluments, excluding any allowance declared exempt from attachment under the provisions of clause (*l*), derived by a person from his employment whether on duty or on leave. "

Retrospective effect.

3. The amendments made by section 2 shall have effect in respect of any proceedings arising out of any suit instituted on or after the first day of February, nineteen hundred and thirty-five.

STATEMENT OF OBJECTS AND REASONS.

The Royal Commission on Labour drew attention to the indebtedness prevailing among certain classes of workers, and expressed the view that this was due mainly to the credit enjoyed by them and the facilities afforded to creditors by the law relating to the attachment of salaries. With a view to reducing credit, the Commission recommended that wages and salaries of workmen receiving less than Rs. 300 a month should be entirely exempted from attachment. Enquiries made by the Government of India in consultation with Local Governments afford justification for action on the lines suggested by the Commission and in particular reveal a serious state of indebtedness among certain classes of Government employees. The Government of India therefore propose to amend section 60 of the Civil Procedure Code to provide—

(1) that salaries, not exceeding Rs. 100 a month, of all workers should be totally exempt from attachment,

(2) that the pay of servants of Government, Railway Companies and local authorities getting more than Rs. 100 a month should be exempt to the extent of the first Rs. 100 and one-half of the remainder, and

(3) that while the attachable portion of the pay of servants of Government, Railway Companies and local authorities should remain as at present liable to continuous attachment the period of attachment should be restricted as follows, *viz.*, that after a debtor's pay has been attached for a total period of two years (in one or more periods) no further attachment should be possible in favour of the same decree or in favour of any other decree until twelve months have elapsed.

The Bill seeks to give effect to these proposals. It also takes away the privileged position of Co-operative Societies under the proviso to sub-clause (*iii*) under clause (*i*) of the proviso to sub-section (*1*) of section 60 of the Code as in the opinion of the Government of India it is unnecessary to continue that privilege.

2. Under sub-clause (*h*) of the proviso to sub-section (*1*) of section 60 of the Code of Civil Procedure, 1908, leave allowances if less than salary are exempt from attachment, but under sub-clause (*i*) leave allowances, if equal to salary on duty, are liable to attachment. Since the introduction of time-scales of pay in the Services, this has created an anomalous position for if an officer drawing pay on a time-scale proceeds on leave before reaching the maximum of the scale, the whole of his leave allowance, being less than his salary on duty, is exempt from attachment, while if he goes on leave after drawing the maximum pay of the scale for over a year, the whole of his leave allowance, being equal to his salary on duty, would be liable to attachment. It is accordingly proposed to place leave allowances and salary on duty in exactly the same position as regards attachment. At the same time the Bill gives to the Governor General in Council power to exempt certain allowances from attachment, the object being to enable him to exempt certain compensatory allowances granted for specific purposes.

3. The Bill also provides that the amending legislation shall apply to all suits instituted on or after February 1, 1935.

Provided that if, after every application for a licence in respect of an Indian-controlled ship has been considered, the aggregate tonnage of the Indian-controlled ships which have been licensed is less, in the second, third or fourth year, than the tonnage up to which licences have been reserved for Indian-controlled ships under sub-section (*2*), or, in any year after the fourth year, than the tonnage determined under sub-section (*2*) of section 4, the deficiency may be made good by the issue of licences to ships other than Indian-controlled ships.

the Governor General in Council may issue permits in the prescribed form to unlicensed ships to engage for a period not exceeding three months in coastal traffic, subject to such conditions as may be specified in the permits, and nothing in section 3 shall apply to a ship to which such a permit has been issued during the continuance of the permit.

Saving.

13. Nothing contained in this Act shall be deemed to derogate from any of the provisions of the Indian Merchant Shipping Act, 1923 XXI of 1923.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to provide for the employment of Indian tonnage in the coastal traffic of British India and of the Continent of India. This Bill is intended to serve as a powerful aid to the rapid development of an Indian Merchant Marine. Several attempts made in this direction in the past have all practically failed, owing, it is believed, to the existence of powerful non-Indian interests in the coasting trade of India. There can be no doubt that the growth of an Indian Merchant Marine would prove a powerful factor in the employment of Indian talent in various directions in a manner calculated to advance the national interests of India.

This Bill was introduced in the last Assembly by Mr. Sarabhai N. Haji, M.L.A., and was referred to a Select Committee whose report was presented to the House. The Bill then lapsed owing to the dissolution of the Assembly. The draft of the Bill now submitted is the same as was approved by the Select Committee.
